Tall and sexy you're the slut now
Is that all you want to be?
Staring at me from the front row
Looking dead and lost to me

Tall and sexy you're the slut now
Is that all you'll ever be?
Saying nothing something somehow
Looking dead and lost to me

Raise your fist like a bassdog
Keep it high till the bass drops
So much time on my shotclock

So raise your fist for the bassgod

Tall and bald you're the man now
Is that all you want to be?
Staring at me from the front row
Looking dead and lost to me

Tall and bald you're the man now
Is that all you'll ever be?
Saying nothing something somehow
Looking dead and lost to me
