Are you feeling pretty?
Universally adored
Keep the city busy
And demanded you're a whore
Are you feeling awesome?
Everybody loves a queen
See your state of blossom
High and low and in between
High and low and in between
Your thighs
I feel, I know
I cannot stand all your talk
Your little girly show
Been there but I've grown
I cannot stand what you do
Your little girly show
Are you down and broken?
Life's demands are just too much
This is softly spoken
From you portraying human touch
Are you lost and lonely?
In a need of one who dreams
Just to steal the image
Mind and heart and in between
Mind and heart and in between
Your thighs
I feel, I know
I cannot stand all your talk
Your little girly show
Been there but I've grown
I cannot stand what you do
Your little girly show
I feel, I know
I cannot stand all your talk
Your little girly show
Been there but I've grown
I cannot stand what you do
Your little girly show
I raise the stakes
As you're breakin'
A legend now in the makin'

When all your muscles are achin'
I've got the fortitude
You try to get by just fakin'
But you can't stand the duration
Do you think I'm a spaceman?
You just can't match my moves
I feel, I know
I cannot stand all your talk
Your little girly show
Been there but I've grown
I cannot stand what you do
Your little girly show
I feel, I know
I cannot stand all your talk
Your little girly show
Been there but I've grown
I cannot stand what you do
Your little girly show
