Iâ´m shaking like a breeze,  
When you stand beside me,  
It shivers down my spine,  
I can't deny it,  
You are my light my shining star oh no,

Your emotional touch,  
When you're grazin' my skin,  
Iâ´m asking you to keep on doing,  
What you're doing,  
You are the love of my life,

Uh don't hide your love away,  
Show your feelings everyday,

Show me your love,  
Show me your love,  
Show me your love,

Hold my hand don't let me fall,  
Cover me you are my one and all,

Show me your love,

You know I like the way,  
You make me feel inside,  
I know it everyday,  
You make me feel so right,  
You are my light my shining star oh no,

Well when you bright eyes,  
Look deep inside me,  
Iâ´ts unstoppable,  
And anything is possible,  
You are the love the love of my life,

Uh don't hide your love away,  
Show your feelings everyday,

Show me your love,  
Show me your love,

Show me your love,

Hold my hand don't let me fall,  
Cover me you are my one and all,

Show me your love,  
Show me your love,  
Show me your love,

All this love and feelings for you,  
Send it back to me,  
Iâ€™m waiting for you I will not give up,  
No Iâ€™ll never give you up,

Uh don't hide your love away,  
Show your feelings everyday,

Show me your love,  
The way to you,  
Nothing but love will do,

Hold my hand don't let me fall,  
Cover me you are my one and all,

Show me your love...
