I speak outside what is recognized as the border  
between  
"reason" and "insanity". But I consider it a measure  
of my humanity to be written off by the living graves  
of a billion murdered lives.  
And I'm not ashamed of my recurring dreams about  
me  
and a gun and a different species  
(hint: starts with "h" and rhymes with "Neuman's")  
of carnage strewn about the stockyards,  
the factories and farms. Still I know as well as anyone  
that it does less good than harm to be this honest  
with a conscience eased by lies.  
But you cannot deny that meat is still murder.  
Dairy is still rape. And I'm still as stupid as anyone,  
but I know my mistakes. I have recognized one form  
of oppression, now I recognize the rest.  
And life's too short to make another's shorter-(animal  
liberation now!).
