I speak outside what is recognized as the border  
between "reason" and "insanity". but i consider it a  
measure of my humanity to be written off by the living  
graves of a billi

Rdered lives. and i'm not ashamed of my recurring  
dreams about me and a gun and a different species  
(hint: starts with "h" and rhymes with "neuman's") of  
carnage strewn about

Stockyards, the factories and farms. still i know as well  
as anyone that it does less good than harm to be this  
honest with a conscience eased by lies. but you cannot  
deny that meat is still mur

Dairy is still rape. and i'm still as stupid as anyone, but i  
know my mistakes. i have recognized one form of  
oppression, now i recognize the rest. and life's too  
short to make another's shorter  
Imal liberation now!).
