Our cities seem to function quite the same: sweeping  
ghettos under one big rug makes them easier to  
contain,  
so the upper-middle class can sleep  
(or shop in peace) and convince themselves that  
"trickle-down"  
will solve this poverty. Yes,  
murderers walk our streets and their weapons are their  
pens, desks, policies and P.  
R. campaigns (fed by the spoils of war) against the  
"lazy, shiftless" populations of the poor.  
This system cannot be reformed...(so how about we try  
something different?)
