Only then did I realize

What had happened in those few hours

I saw you

I saw you

Drawing close, I held out a hand

You were passed out

On even ground

I saw you

I saw you

Loaded

You are once again

Out your mind

And on mine

Was the reason why we going

You're a worthless thing

That is everything

But precisely

What I asked for

It's a wobbly chair

With your lying there

On the pavement

You're unable

To get up

I'm not sure you know what you've done

Then you lift your finger and thumb

I saw you

I saw you

Loaded

You are once again

Out your mind

And on mine

Was the reason why we're going

You're a worthless thing

That is everything

But precisely

What I asked for

It's a wobbly chair

With your lying there

On the pavement

You're unable

To get up

When I'm exhausted

I will drag you

I will hold you

I will pull you

I will slide you

I will leave you

On the stair
