You're the boat and she's the sailor

Of our groan

You must know

That I'm sorry, you sighed

Your name on that line

Can't make it mark clear

The silent about it

The silent about it

Even though the hymn of sorrow might return

You must know that I'm far on seas

Waves lost in your grieving

Cant make it mark clear

The silent about it

The silent about it

I'm asking you now

I'll gladly give up

To go through your mouth

Is more than enough

I'm asking you now

I'll gladly give up

To go through your mouth

Is more than enough (x4)
