There's an old man playing basketball  
And the sun comes in like a waterfall  
There's a teacup full of miracles  
And you said that you loved me baby Black Crowes and  
all?

Angel look outside my window  
The traffics in a tangle all the way back home  
Angel stay with me forever  
My loves like a river as we walk along

Yeah I wait in my room every time you're gone, baby  
I lie in my bed and I write you these songs  
If you were here you could sing along  
And the sun would burst like butterflies all over my wall

Angel look outside my window (backing vox repeat)  
The traffics in a tangle all the way back home (backing  
vox repeat)  
Angel stay with me forever (backing vox repeat)  
My loves like a river as we walk along (backing vox  
repeat)

The sun comes in my window  
In a tangle all the way back home  
The sun comes in my window  
In a tangle all the way back home

Angel look outside my window (backing vox repeat)  
The traffics in a tangle all the way back home (backing  
vox repeat)  
Angel stay with me forever (backing vox repeat)  
My loves like a river as we walk along (backing vox  
repeat)

Angel look outside my window (backing vox repeat)  
The traffics in a tangle all the way back home (backing  
vox repeat)  
Angel stay with me forever (backing vox repeat)  
My loves like a river as we walk along (backing vox  
repeat)

The sun comes in my window  
In a tangle all the way back home  
The sun comes in my window  
In a tangle all the way back home

The sun comes in my window  
In a tangle all the way back home  
The sun comes in my window  
In a tangle all the way back home

The sun comes in my window  
In a tangle all the way back home  
The sun comes in my window  
In a tangle all the way back home
