There is no else around the road is quiet the only
sound is wind that
Sounds Like cars that sound like breathing
The desert air is high and dry two lanes weaving earth
and sky
The stars are all that's keeping till morning
And I turn and look beside me and your sleeping like a
baby and
You haven't heard a word that I've been saying

And the way you look tonight fast asleep in the
dashboard light
Well I can't speak that's how I feel

Open your eyes look at me look at me, look at me
Open your eyes and look at me
'Cos I have and hold this love for you
Before this ten year night is through
I'm telling you
Take it from me
Take it from me

Were ten years older I know we are than the night we
met
In that downtown bar you thought I was some kind of
star
That's what you said
I felt your skin felt the heat as you pulled me out into
the street
And you kissed me there till I was weak 'cos I asked you
too
Later on on the kitchen floor two flights above the
grocery store
I felt things I Never felt before and I still do

Open your eyes look at me look at me, look at me
Open your eyes and look at me
'Cos I have all this love for you before this ten year
night is through
I'm telling you
Take it from me

Take it from me

Going eighty on the highway were all rushing
somewhere
But the way I feel tonight it's like I'm already there

Open your eyes look at me look at me, look at me
Open your eyes and look at me
'Cos I have all this love for you before this ten year
night is through
I'm telling you
Take it from me
Take it from me
Take it from me
Take it from me
