hate is like a fire  
burning in my head  
you are my desire  
as i desire you dead  
please don't ask me questions

because i can only lie

and the hunt will never end  
as long, as long as my love  
my love, you deny  
gather round kids, gather all round the campfire

as i hunt you down in the night like a vampire  
so the story goes - the fire burns to the black  
and god only knows if you're ever coming back  
oh, i can feel your presence  
breathing in my air

in the midst of nervous laughter

i can sense that you're aware

somewhere in these clouded thoughts

there lies a peaceful man

and you are all i seek

i will swear to walk the land until i find you
