Visit "[Let Live](#)" on MotoLyrics.com

On our quest for liberty
Can we live as one?
Got stuck here in survival mode
And the worst is yet to come
We passed the point of no return

As we watched the world go mad

If you've only got yourselves to blame

Well, that's too fuckin' bad
Kill time all day

At best you're wasting away
Breakdown defense

Lash out and break some fuckin' sense
Cause life ain't what you're worth

It's what you are
Ignorance is plain to see
And that they can't deny
They'll end us all eternally
For the pain they put us through
Now it's a case of Do or Die
We pray they seek forgiveness
No need to clear the conscience
They put the blame on you
A life to take
The choice is yours to make
You took enough, now fucking give! What now? Let live
