You say you want a new bloody revolution, and you  
want to save the world.  
What is your solution.  
It's time to protest, it's within our rights.  
Well, we ain't going down without a mother fucking  
fight.  
Cause that's all we roll.  
And it's all we know, to reach inside ourselves to purge  
us of this private fucking hell.  
It's time for us to step up, and stand all.  
So let the blood, let the blood run through the streets.  
We're all one voice and our voice is strong.  
There's so many of us that we can't be wrong.  
We're gonna give it all, try to hold on tight.  
They've got to give it up cause they know we're too  
fucking right.  
Cause that's all we roll.  
And it's all we know, to look out for each other just like  
our sisters and brothers.  
Stand all, stick together, be strong, and let the blood,  
let the blood run through the streets.
