World wide democide, millions are dead.
War, starvation, disease, are sent by the fed

Nineteen Thirteen set the stage, set the scene.
Criminal elements, that's who we're up against.
Lame duck media planted a seed in ya.
Biblical prophecies render you on your knees

as profits soar.....more and more
from shock and awe to martial law

Depression/recession, part of a bigger plan.
Bleeding the wealth of our nation,
gave em' the better hand.

One world government, hell on earth, heaven sent.
Evangelicals, fascist radicals,
corporate criminals, cult subliminals,
bloodlines, warcrimes,
end of fucking times !!

and profits soar.....more and more,
from shock and awe to martial law.

Life is irrelevant !! Death is the leveler !!
