Burn the bridge

And sever all ties to the right  
Kiss the kids

Brace yourself  
Cause daddy's gone off to fight

For the search and seizure of the land  
We'll spread the wealth  
And finally gain the upper hand

In death and taxes

God we trust

E.Pluribus unum shine  
I rust

Hang 'em high

And don't cut em' down till you're told

We're justified  
In taking back what they stole

Mad as hell  
We desecrate in disgrace

Dry, the well

You kick the dirt in my face

In death and taxes  
God we trust

E.Pluribus unum shine

I rust
