They say for everything there's a reason,
so what's the reason for this misery,
Was I a bad man in a former life,
did I wrong someone and never make it right?

Because happiness is a million miles away from me,
happiness is a million miles away.
I can't touch it, I can't taste,
I've never seen it face to face,
happiness is a million miles away.

They say for everything there's a reason,
so what's the reason for this misery,
I can't face another day and I can't look you in the face.
Pills, Pills, Pills help me sleep.
