"Sometimes I'm Bitter"

When you open up your mouth all the wrong words
pour out.

Do you think before you speak or does everything
just leak out?

Everyone, everywhere is having fun.
Everyone, everywhere is having fun and then there's
me.

I just need some sleep, I just need some sleep,
nothing's as bad as it seems,
but can't a boy dream.

I can see right through you.
That's a clever disguise but your eyes don't lie.

Everyone, everywhere is having fun.
Everyone, everywhere is having fun and then there's
me.

I just need some sleep, I just need some sleep,
nothing's as bad as it seems,
but can't a boy dream
