I met a woman in West Virginia
Said her name was Alabama
She from a little town outside Savannah
Where everyone talk that country grammar
She said she killed a man down in Atlanta
He beat her and he drank til he couldn't stand up
He told her that he loved her but he couldn't stand her
She caught him in his sleep
hit him with a hammer
Then she sold her car and she bought a gun
Johnny Law got her on the run
Another broken bottle and the damage done
We've all been blinded by the sun
Blinded by the sun... Her breathe was sweet,
her eyes were pretty
She said her zodiac sign was cancer
She was on her way to New York City
Trying to get a job there as a dancer
Then she asked if she could ride home with me
Now I'm still thinking on the answer
She pulled on love
She don't take pity
She'll break your heart if you give her the chance to
If Grandma's got an Uzi and it weighs a ton
Johnny Law got her on the run
Another broken bottle and the damage done
We've all been blinded by the sun,
blinded by the sun
Sunsunsun Lord have mercy on me
for all the things I've done
I've lost my mind, my eyes were blinded
by the sun
Don't forsake me
Lord I'm not the only one
I've lost my mind, my eyes were blinded
by the sun
Blinded by the sun
And Grandma's got an Uzi and it weighs a ton
Johnny Law got her on the run
Another Broken bottle and the damage done
We've all been blinded by the sun
blinded by the sun.
