(Steele)

I walk around town with my pound strapped down to my side

No frontin', just in case I gotta smoke some

Around here headz don't act their age

Ya might be another dead boy on the front page

Enter the cipher... withcha lighter

El's are ready, prepare to run another all nighter

But keep watch for the cops cuz they rock glocks

Comin' on the block tryin' to rock knots

Pigs be actin' like they bigga than us niggaz from da streets

cuz we stalk mad deep when they walk beats

I guess they hold a grudge cuz I won't budge

Playin' tough, starin' down da judge with my hand's cuffed

Standing there with my nappy hair and my dirty gear, awww yeah

Now I'm up outta here

Pigs look me up and down with a frown

Is it cuz I'm brown or is it niggaz I'm from Bucktown?

[Hook]

BUCKTOWN!!! Home of the Originoo Gunn Clapperz!

(x8)

(Tek)

Got five MC's that wanna come test we

Got ya noses hangin' ovea da trees

Bring on your sounds kid, drown by my massive

Kill your body boy and take your lover for hostage

Knock knock, maybe not the fourshots empty

On the violator that was sent out to get me

I'm tore up from the floor up and everything's black

But still I'm on point ready to buck, ain't nothin' sweet Jack

Bucktown, I represent it on the love love

Deeply rooted from my Timbs to by dick above

Don't sweat the buldge comin' from my hip

Grip what ya did hit when I let my tool click

Nowhere to run, ambush lurks in the dark

Heltah Skeltah smirks while you're gettin' torn apart  
Here come the Rude Boys with the ganja plants  
Smif-N-Wesson and I roll with the Boot Camp

Home of the Originoo...

Home of the Originoo...

BUCKTOWN!!! Home of the Originoo Gunn Clapperz!

(Tek)

Another murderer, just another prankster  
Rude Boy dead 'cause he thought he was a gangsta  
Tried ta live da life of a hood from the streets  
Test da wrong dread, now I'm in eternal sleep  
Mr. Ripper I lurk in da Stuy  
Twist da ganja 'cause I want ta get high  
with my Breaddren, a boodah session  
learn ya lesson  
or get blasted by Mr. Smif or Mr. Wesson

(Steele)

Bucktown's everywhere I swear  
It's clear to me  
You feel the weed, now I really see  
Night falls around the way  
Originoo heads come out to play  
Puff herb, break day  
It's just a regular, everyday state of being I  
Mind holds the weight, rhymes free the mind in time  
I find reality follows me where I roam  
360 degrees back home in...
