Hey doll baby, can we have a little talk together
I wanna tell you all about my troubles
What you've been doin' since your man's been gone
Show me how you feel since your man's back home
Hey doll baby, listen to me

Hey doll baby, there's a coat hangin' in my closet
Can't you remember when I bought it?
Tell me that your brother was here today
Don't wanna take it no other way
Hey doll baby, listen to me

(x2):
Well I was the man that made you
That's why I'll never dread you
You walk around nude, lookin' so fine
Just about makes me lose my mind
Hey doll baby, make up your mind for love's sake
& we've got no time for mystics
I'm gonna roll back the rug & let up the door
Ain't gonna leave you never no more
Hey doll baby, listen to me
Hey doll baby, hey doll baby
(instrumental)
Hey doll baby, listen to me
