Show me your heart.
By now we've come too far
To watch this slip away.
They can save us somehow.
Let's move on, put the past behind us.
Look past the doubt,
They can save us somehow.
Faith without works is dead.
Please don't doubt yourself again.
This world will tear you down.
They can save us somehow.
Faith without works is dead.
Please don't doubt yourself again.
This world will tear you down.
They can save us somehow.
Hold on. (Hold on)
You're worth more than you'll ever know.
Hold on. (Hold on)
You're worth more than I'll ever show.
Faith without works is dead.
Please don't doubt yourself again.
This world will tear you down.
They can save us somehow.
Show me your heart.
By now we've come too far
To watch this slip away.
They can save us somehow.
Show me your heart.
