You see me, don't ignore me
Feel my pain
My wounds are bleeding
Because of the main conflict
All this life to be myself
Every time ending up
Hearing the bells

A pile of failing, it was a waste
The scars on my arms filled with their taste of blood
They're are always laughing
Spit in my face
I guess they are right
- I'm a fucking disgrace

Hit me, slap me, take my fucking life
Screaming for a hand
Bring me the knife
I don't wanna live, never ever
End it, this misery - forever

Raise my hand, don't fall asleep

Lay the path to guide
The human torch
Let the flames wake you up
Lay the path to guide
The human torch

Oh please, oh my god
I can't walk that way
I must stand tall when I face death
I have to swim back
Through my tears
I have to be strong
To break down my fears

Put your pieces back together
Try to live, forever

Raise my hand, don't fall asleep

Lay the path to guide
The human torch
Let the flames wake you up
Lay the path to guide
The human torch

Solo: Judas
