How can we hear, if our hearts are in love  
With anything other than god above, he calls  
Put away your bells, put away your... words  
Where else will we find our strength to move on  
If we cover our ears, grieving thy son, he comes  
Put away your bells, put away your... words

Grant me faith, of one of these  
One of these cause I  
Want to see,

No kind of sacrifice would mean  
If we abuse thy grace, trample thy name, he comes  
Put away your bells, put away your... words, he calls  
Return on to me and, I will be called your father, he  
calls  
Return on to me and, you will be called my children

Grant me faith, of one of these  
One of these cause I  
Want to see,  
I want to see,  
Grant me faith, of one of these  
One of these cause I  
Want to see,  
I want to see,

And the... that you spit, without hesitation  
It covers me and washes away all my sins  
Hear lord, I'm laying down on my...  
To follow you, with all my heart

He calls  
Return on to me and, I will be called your father, he  
calls  
Return on to me and, you will be called my children

Grant me faith, cause I want to see.
