you said to sail to the other side
entertained the others in Jesus Christ
there are other ships sailing by our side
we called what is it you have for your supplies
he sailed home
and it wasn't long before the dark clouds came
and all the rain they .. the boat began to fill
we fear our lives and teacher don't you care that we die
we are panicked once you came by our side
lord
the wind was still and I was a great call
I worried hard some crying eyes alert
We fall to our knees
We can let it speak
That the wind in .. obey his commands
We can let it speak
We fall to our knees
He sir
Life is impossible to please god and without faith
Is impossible to please god
Believe in god
Believe oh so in me
