You know, me and my woman
We've been goin' through a lot of changes for about six
months or so
It's been real hard to talk to one another
You know a relationship ain't nothin' without
communication
How we were lying in the bed
The both of us lookin' at the ceiling overhead

Eyes wide open, about three in the mornin'
I said, "Baby, we can't go on this way"
She said, "You're right"
I said, "I know you love me and I love you too"
Then we start holding each other
And I felt a tear roll down my face

Last night me and my woman
We cried, cried together
Said we cry, cry, cry
(Cry, cry, cry)
We cry together

Ain't nothin' wrong with you, no
And there ain't nothin' wrong with me
(We're not the only people in the world)
Who go through ups and downs
(All we have to do is talk)
We can work it out

Let me kiss your eyes
Let me wipe your tears away
Oh let me hold you tight
Tomorrow we'll feel better 'cause baby, it's a brand
new day

Oh, last night me and my woman
We cried together
Said we cry, cry, cry, cry
(Cry, cry, cry)
We cried
(Together)

Now we had ties when we laughed hearty
We'd go out on the town and we'd party, party, party
(Every day the sun doesn't shine)
Sometimes it has to rain
(Just like we enjoy the pleasure)
We have to stand the pain

Oh, let me kiss your eyes
Let me wipe your tears away
Oh, let me hold you close
Let's talk to each other, I wanna hear what you got to
say

Last night, sweet last night me and my woman
We cried together
Said we cry, cry, cry
(Cry, cry, cry)
We cry together, together
(Together)
And then we and then we and then we and then we
made love

Love like we never made love before
You know we stopped huggin' each other
And the tears would rains down my face
(Cry, cry together)
And there was love all over the place, yeah, yeah
(Cry, cry together)
We were love, were love
Said we cry
(Cry, cry together)

There ain't nothin' wrong with me
(Cry, cry together)
There ain't nothin' wrong with you
(Cry, cry together)
We're not the only people in the world who go through
ups and downs
And changes and turn arounds
Girl, yes
Yeah, yeah
