(INTRO)

Thugs mean love to ya',
Yo, You know somethin' baby,
It's so funny,
How, you know, it was just a while ago,
When I was out here runnin' around,
And now that I found you,
It's like I just settled down,
I never thought I would find the one,
And I never thought I would find somebody like you,
Listen

Been in love a time before,
But it didn't work out right,
This love for you I can't ignore,
I tried to run but I just can't hide, no, no,
Girl I put my trust in you,
I'm not afraid of what my boys might say,
'cause I know that my love is real,
All I'm askin' for is...

A lifetime is all that I need,
I'm ready to settle down and give you all of me,
A lifetime is all that I need,
Don't ever take your love away,
I'll be here always

I can't believe I feel this way,
I was always a playa' goin' hard,
So many girls so many games,
I left a trail of broken hearts,
But somehow you came along,
Came along and set my soul on fire,
And ever since that day,
My life hasn't been the same

A lifetime is all that I need,
I'm ready to settle down and give you all of me,
A lifetime is all that I need,
Don't ever take your love away,
I'll be here always

I never thought I'd fall so deep,
The thought of your love it makes me weak,
You came and turned my life around,
Oh, You broke me down,
Words can't express the way I feel,
Whatever you want just ask I will,
Girl it's our time,
I made up my mind,
And no one else will do

A lifetime is all that I need,
I'm ready to settle down and give you all of me,
A lifetime is all that I need,
Don't ever take your love away,
I'll be here always

A lifetime is all that I need,
I'm ready to settle down and give you all of me,
A lifetime is all that I need,
Don't ever take your love away,
I'll be here always
