Ive got three children to think about first  
Ive got so much to do  
Little time to work  
Ive paid my dues as you can see  
Been in all kinds of drama in my life series  
The world needs to know that I

Gotta move on, gotta be strong  
Cant let no one get me down, oh no  
Problems they come, problems they go  
Cant let no one get me down, oh no

1 - What Im thinking of  
Lifes not that important if you dont have love  
Striving for perfection every day  
I must make it better than it was the day before

Never will I be a fool and take my blessings for granted  
I know Gods been by my side  
And everythings gonna be all right

Gotta move on, gotta be strong  
Cant let no one get me down, oh no  
Problems they come, problems they go  
Cant let no one get me down, oh no

Repeat 1

Even though you may have to cry  
(Dry your eyes)  
It will be all right  
(Just put your faith)  
Put your faith in the one who makes you strong  
The one who makes you strong

Repeat 1

Life will pass you by in the twinkling of an eye  
If you didnt, now you know  
You cant keep wasting time  
Were getting older every day

Theres more to life than just today  
Our futures not that far away  
You cant keep wasting time

Repeat above until fade
