Take everything your parents taught you  
Throw it to the dogs  
It's a forgotten flesh of something dead  
It's blood drips from your jaws

Take everything your school has taught you  
Throw it to the dogs  
Left to be in the summer heat  
It wrecks now of its rot

It speaks now of the fate that we all wait to be forgot  
Just as mountains live outside of rocks  
And time itself outside of clocks  
I hope that love exists beyond our lonely bones  
In the, in the pine box

From the bottom of my heart  
At the top, at the top of my lungs  
From the corner of my eye  
At the tip, at the tip, at the tip  
At the tip of my tongue

Take everything your parents taught you  
Throw it to the dogs  
It's a forgotten flesh of something dead  
From the bottom of my heart

Well, take everything your fucking school has taught  
you  
And throw it to the dogs  
Left to be in the summer heat  
And it wrecks now of its rot

It's everywhere, it's everywhere  
It's everything, it's everyone  
It's anywhere, it's anywhere  
It's anything, it's anyone

It's a neighbor saving face  
By saying grace today for yesterday's behavior  
It's a neighbor saving face  
By saying grace today for yesterday's behavior

Oh, my God

Live to fuck and fuck till death  
Drink to sorrow and regrets  
Live to fuck and fuck till death  
Drink to sorrow and regrets
