Oh God!

The sound of ????? in the distance

A wilderness of sound and movement repeating itself

????? of the devils of the mountain side.

The cries of creatures crashing.

Kill them!

The human voices heralding the hill-side

?????

Ripe with ?????

????? hear the all important call

Recieve the all important answer

Oh God, as mortals, we must return.

Oh goddess, as mortals, we must repent

Bury your daughter and pray for us all.

?????

Oh goddess, as mortals, we must repent

Bury your daughter and pray for us all.

To a species, rising thickly

To the dialogue

?????

In the empty space,

Between hunger and thirst

In the empty space,

Between better and worse

Language ?????

It already hurts

With a common space between

Hunger and thirst,

The ones that can find us

A blessing, a curse.

The words that confine us

Like ?????

????? hear the sound of the verse

The sound, of the sound,  
Of the sound, of the sound  
Of the verse

?????

So simply and soft  
The sound, of the sound  
Of the sound, of the verse  
Bursting from nothing, so simply and soft.

The silence inside you  
When the music has stopped.  
The silence inside you  
When the music has stopped.

When the music has stopped!!
