Desperate for entertainment  
So I turn my TV on  
There's people jumping up and down  
Then they have the panel on  
And they talk a lot of wind  
They talk a lot of wind  
Then they have the weatherman on  
He used to teach all our friends  
He talked a lot of wind  
He talks a lot about the wind  
Then they have Carl Lewis on  
He's got a ponytail and he's a vegan  
He talks a lot of wind  
He talks a lot about the wind  
I turn the tragic lantern on  
It's a program 'Good Morning'\*  
It's a lot of wind  
They talk a lot about the wind  
I'm real sick and in distress  
I got octagonals in my eyelids

From watching all that wind  
I get horrible horrible horrible dreams  
So I rang the TV line and get a lot of wind  
They talk a lot of wind  
You see them in the cafes  
You see them in the shops  
You see them on the kids programs  
And they talk a lot of wind  
All the boredom in my bones  
From watching a lot of wind  
They talk a lot about the wind  
They talk a lot about the wind  
I gotta forget about the wind  
Has a lot of nerve  
To talk a lot about the wind  
There's a roly-poly, roly-poly man  
He's got a yak haircut (gut, gut, gut)  
They talk a lot about the wind  
[ Refers to the UK mid-morning TV show "This Morning," which MES refers

to again in North West Fashion Show: "Richard and  
Judy's  
[the presenters] bastard offspring!" --Ed.]
