Fill green envelopes and send them to ya, on train ride,  
read Marx tracts  
Play Walkmans loud behind ya, demonstrate on Oxford  
Street  
About what the hell, they couldn't tell ya

The British people in hot weather have a heart-to-heart  
with your sister  
People in shorts drunk before ya, beached whale in  
Wapping  
His armpit hairs are sprouting, serpentine, ah,  
serpentine

Press hot houses waste tree statements  
Compare your pearls before the king of monks  
I'm telling ya, oh, do they know they can get cancer?

Designer tramp goes, looking jolly from Stoke  
As he walks through and makes up titles like this to  
order  
They're well off their trolley, smoking like a chimney  
Respectacted stare-out

I was a candidate for club 'Eighteen-Thirty'  
But I've been through all that shit before  
British people in hot weather, British people in hot

weather

That's it, I'm looking straight for the car,  
if that's how you feel, let's go

British people in hot weather

British people in hot weather

British people in hot weather

British people in hot weather
