You can tell by his fashion  
That boy's been in prison  
Detective instinct  
Detective instinct  
Always do it  
Two thugs knocked down an old tree for an old lady's  
whim  
Detective instinct  
They were reasonable at first, it seemed  
Detective instinct  
Detective instinct  
A retired of integrity  
He was a blubbering heap  
He should have served himself up  
Preferably in a restaurant with meat  
And wit...  
..goes with  
Detective instinct  
Sticks some paper under the door at 8 p.m.

And my razor blades will cut down your entrance  
Detective instinct  
Detective instinct  
The man at the bar had a v-neck vest on  
No, it was a v-neck waistcoat  
Accurate  
Detective instinct  
That's detective instinct  
Always got it  
Sticks some paper under the door at 8 p.m.  
My razor blades will cut down your entrance  
Detective instinct X 3  
Always got it X3  
Detective instinct X 5
