High tension line, step down

Jeanette Fletcher is strange  
But not in a horrible way  
And Michelle Spencer is this tight  
Come and hear her today

And see forty-year olds  
In multicolored shirts  
It never used to concern me  
But now it's making me say

High tension line, step down

Buying houses and doing them up far far away  
Got at my shoulder, CDTI and behind me, TDK  
You have to go far for the simple and unadorned  
And please excuse my words, wandering

High tension line, step down

At my feet, CDTI breakdown  
And I pick up the phone, no-one  
And am far too far fast for sampling  
Just spend my time avoiding

High tension line, step down

Life is nothing more than a disposable  
Facial tissue in a brass bin and spawn  
Take it out, I notice face imprint  
And please excuse my words, I'm wandering

High tension line, step down
