### "THAT MAN"

That man loves you  
That man cares for you  
That man loves a heathen  
That man loves you

He came down from Accrington  
He came down from Hovis land

And

He washed the dirt from my eyes  
All devils are exorcised  
And sticky pants are ostracised  
Sermons with trad jazz guys

Screaming

That man loves you  
That man cares for you  
That man loves a heathen  
That man loves you

You see, can't be holy  
All you see can't be holy  
All you see can't be holy  
[backing vocals] That man loves you  
He really do
