She really doesn't really care where this takes her
She knows she's going no where, there is no saviour
You say please don't leave but you can't delay her
She's made up her mind.

CHORUS

She's gonna get you
Miss cherry
Miss cherry's gonna caputer your heart
Through hellish turmoil
The torment's gonna grind you down
She's got eyes of dinamite
Oh, miss cherry

She never really thought on how to get through
She needed to use someone just like you
She said 'this is my body', I'll do as I choose
And you know you're gonna lose

CHORUS

She's gonna get you
Miss cherry
Miss cherry's gonna caputer your heart
Through hellish turmoil
The torment's gonna grind you down
She's got eyes of dinamite
Oh, miss cherry

She lost her faith so many times
And inside she slowly dies
She's screaming out but nobody's there
Where's this society that cares?

She throws off her necklace
Because she's lost her faith
Miss cherry, It's too damn late!
She ththrows herself to the floor
Because she can't take anymore
And it's just too late
