### "Goodbye Tomorrow"

I was thrown out from your world  
I just got out by your back door  
Suddenly my brightness became so bored  
Maybe I just can't bright anymore

Yes I am ugly as much as I can be  
and, that was always a big part of me  
you're dragging me down for what I am  
Maybe I never was what you planned

Soon I'll be dead  
My words in your head  
Will now be a shadow  
All my feelings are broken  
Love just can't be spoken

When was the last time your eyes saw me ?  
I don't remember, was I on my sleep ?  
You're dragging me down for what I am  
Maybe I never was what you planned

Soon I'll be dead  
My words in your head  
Will now be a shadow  
All my feelings are broken  
Love just can't be spoken  
No using pretending sorrow  
Where will I be tomorrow
