I haven't see you since you left LA,
I want to say I'm sorry now.
You know I wanted things to be okay,
You know how hard it is.

Everytime you love,
Everytime you try,
You think another memory
I don't know where it goes or what we're going to do,
but know that you're a part of me.

I've been crazy, I've been gone
and now it's all coming back to me.
Was I being just a kid?
and didn't know what was good for me?

Cause, Everytime you love,
Everytime you try,
You think another memory.
I don't know where it goes or what we're going to do
but know that you're a part of me.

How long can we go throwing away everything we are
to everyone, to everyone?

Will you walk with me? and talk with me?
Back where we used to be?
So much older now and smarter,
but the damage has been done.

Everytime you love,
Everytime you try,
You think another memory.
I don't know where it goes or what we're going to do,
but know that you're a part of me.
