They say love is magic,
They say it's always there,
But I can show you a magic trick,
I can show you how to disappear

Dance with me, it's just a feeling and I'm over it
I'm a dance you won't forget,
I hope you feel the side effects of a long lost lover,
The games not over until you fall from your
Mountaintop of past regrets
Hanging by your fingertips

Sit down & wait for further instructions
We aren't going anywhere
But thanks for a good time

Feel what you want today,
I'm here for you now but I won't stay
Time isn't on our side but we're turning heads tonight
You make me crazy girl
But not enough for me to say
I'll let you hold my heart, no, I'll let you in for a taste

Lay with me, another evening inside your head
Sorry girl I can't express, how much you mean to
someone else
I'm not playing I'm simply stating
I won't fall for your
Love notes & innocence
Snake pits & sinking sands

Have you had enough?

Feel what you want today,
I'm here for you now but I won't stay
Time isn't on our side but we're turning heads tonight
You make me crazy girl
But not enough for me to say
I'll let you hold my heart, no, I'll let you in for a taste

I feel so alive tonight

Feel what you want today,
I'm here for you now but I won't stay
Time isn't on our side but we're turning heads tonight
You make me crazy girl
But not enough for me to say
I'll let you hold my heart, no, I'll let you in for a taste
