Let's play make believe  
(Play with me)  
& see how far we can go  
(Before we get caught up)  
Well I think this is love  
I feel so dangerous  
(Let's set a trap)  
In this state that I'm in  
(We'll get away with it)  
Sincerely your best friend

So, unlock the vault & find  
The curse that became your life  
For everything there's a sacrifice  
Oh, wake up & find that this best friend is gone  
It's left you here to  
Die

I'd like to pretend, that when the music fills my head  
I'd see you instead, beating inside my chest  
They speak for themselves,  
(Let's not take this too far)  
I'm not here in their stead  
They've lost a lot but I gained one thing they never had

So, unlock the vault & find  
The curse that became your life  
For everything there's a sacrifice  
Oh, wake up & find that this best friend is gone  
It's left you here to  
Die

(I keep singing this lullaby, I'll show you why I'm here)  
I can see the light in the darkest part of the hardest  
heart,  
Give me something

Take a stride, don't look back, take a step towards me,  
& see what I see  
So dramatic, check the attic for the things that used to  
be,

You're already out of line,

You wait for the time, to tick by  
Till you can see this best friend, I'm so addicted

Compromise leads to demise like a burning liquid,  
It snuffs out all it's victims

So, unlock the vault & find  
The curse that became your life  
For everything there's a sacrifice  
Oh, wake up & find that this best friend is gone  
It's left you here to  
Die

I can see the light in the darkest part of the hardest  
heart
