

## Farewell, My Love "Wrong & Right"

Visit "[Wrong & Right](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I realize, I try to find a different life,  
A lie to hide  
The difference between  
Wrong & right, wrong & right

It starts here  
& I can hardly bear  
To tell you what I feel about the day when  
Happiness came in a pill  
& it's so surreal  
To look into the eyes of the ones who tore apart your  
life  
I try, I try  
It never seems to satisfy

My lust, meets my desire

I realize, I try to find a different life,  
A lie to hide  
The difference between wrong & right  
A sirens call  
Says you'll never fall  
It's set in stone  
The sirens gone, you're on your own

I stand here  
Now look into my eyes  
You've made up my disguise, the lies  
The feeling that there's nothing left  
So I'll take you down  
Say what you want  
Cause I'm right here  
I'm right here

My lust, meets my desire

I realize, I try to find a different life,  
A lie to hide  
The difference between wrong & right  
A sirens call  
Says you'll never fall

It's set in stone  
The sirens gone, you're on your own

I'm lost,  
I'm over here

I realize, I try to find a different life,  
A lie to hide  
The difference between wrong & right  
A sirens call  
Says you'll never fall  
It's set in stone  
The sirens gone, you're on your own
