In the morning I awake
And I couldn't remember
What is love and what is hate
The calculation's error

Oh, what is love and what is hate?
And why does it matter?
Is to love just a waste?
How can it matter?
Oh...

As the dawn began to break
I had to surrender
The universe will have its way
Too powerful to master

Oh, what is love and what is hate?
And why does it matter?
Is to love just a waste?
How can it matter?
Oh...
