Magnified up close, in pickle jar
is the last hope the world has... Yeah ... Yeah

Thinkin that his head surely would explode
His thoughts go deeper than ever... yeah... yeah

Something never dreamed in all the science books the
biggest light switch gets turned on yeah.. yeah

And he's on the way to a real first in all the universe
yeah.. yeah
He saves the day and the world knows, the sonic boom
explodes

Hesitant to tell the real reason, the Nobel PEACE Prize is
given-Yeah-
It's hard to celebrate with a headache Oh Yeah... Yeah

And he's on the way to the real first in all the universe
Yeah... Yeah
And he saves the day and the world knows. Now watch
his head explode
