Unit three thousand twenty one is warming.  
Makes a humming sound.  
When it circuits duplicates emotion.

And a sense of coldness detaches  
As it tries to comfort your sadness.

One more robot learns to be  
Something more than a machine  
When it tries the way it does  
Makes it seem like it's in love

'Cause its hard to say whats real  
When you know the way you feel  
Is it wrong to think its love?  
When it tries the way it does.

Feeling a sympathetic kind of love  
Dreaming a sympathetic wish  
As the lights blink faster and brighter

One more robot learns to be  
Something more than a machine  
When it tries the way it does  
Makes it seem like it's in love

'Cause its hard to say whats real  
When you love the way you feel  
Is it wrong to think its love?  
When it tries the way it does.
