Wondering at the scope of my experience

Cautious so not to be cold

Caught up in the comfort of what I once was

Lost in all the brand new possibilities

Oh to be

In the middle

Out beyond the pull of the past

Just before the future comes

Hoping for the rush of some experience

That could elevate me

Up above the daily hum

Up above the daily hum

Up above the daily hum

Up above the daily hum

When is this moment over

When does the next one begin?

Out beyond the pull of the past

Just before the future comes

Hoping for the rush of some experience

That could elevate me

Up above the daily hum

Up above the daily hum

Up above the daily hum

Up above the daily hum
