Heart, a mischief twist of heart
Now I'm tracing shadows
Shadows in the dark
I cheated your love
I took you for a game
Now I've only myself
Just myself to blame
It was always you
But I
Never let it show
Now I now that theres one thing
That I
That I want you to know

Remember
That I love you
Remember
That you're always on my mind
I'm thinking of you
Remember, Remember

My best friend told me
Your seeing someone new
I'm still wanting
I'm still wanting you
It was always you
But I
Never let it show
Now I know that theres one thing
That I
That I want you to know

Remember
That I love you
Remember
That you're always on my mind
I'm thinking of you
Remember, Remember

Remember
I still love you

Remember
That you're always on my mind
I'm thinking of you
Remember, Remember

I've been such a fool to let you go
Mistakes I've made
I just can't erase
Those memories will always be a part of me
The love we shared no one can replace

Remember
