I know that lately I've been kinda into myself
And I let things slide just a little too much
Every once in a while I'll be telling you that I love you

I know you think I've put our precious love on the shelf
But I feel your tears and I miss your touch
Too much time has gone by and I feel like I'm ready to
show you

I'll make it up to you
Oh yeah
Just listen to the words I say

How beautiful it is to love you all the time
How beautiful it is to know that you are mine
It's been so long
Since I've told you
Since you came along
You came up
It was beautiful
Sha la la la la la la la la la

You think that maybe I've been looking somewhere else
For the love we had when the feeling was fresh
Maybe something has died and I don't have the heart
to tell you

I know you know I'd never do a thing like that

Cos the love we have is much deeper than that
And my heart came alive when I started to get to know
you

I'll make it up to you
Oh yeah
Just listen to the words I say

How beautiful it is to love you all the time
How beautiful it is to know that you are mine
It's been so long
Since I've told you
Since you came along

You came up
It was beautiful
Sha la la la la la la la la la

I never wanted anybody else but you
And now I know exactly what I've gotta do
I will shout it out

How beautiful it is to love you all the time
How beautiful it is to know that you are mine
It's been so long
Since I've told you
Since you came along
You came up
It was beautiful

Beautiful to love you all the time
Beautiful to love you all the time
