I got a message from you last night on the phone  
You said you're missing me and I should call you  
And after all the things we've been through in the end  
I can't believe that we can't do what friends do

And I'm here  
To tell you  
I never broke my promise to you  
No fear  
No pressure  
On you

But if we are just friends  
Then how come I'm crying  
You laugh  
While inside I'm dying  
Pretend  
For your sake I'm lying  
Be strong  
You know that I'm trying to let you go free  
If that's what you need from me  
Oh we are, we are, we are, we are just friends

I still remember how you looked at me that way  
Like I was everything you ever wanted  
I didn't mean to let you down the way I did

Darkness descended and we just can't stop it

And you're here  
To remind me  
Of the things I said I would do  
Don't you worry my dear  
I'm right here  
For you

But if we are just friends  
Then how come I'm crying  
You laugh  
While inside I'm dying  
Pretend  
For your sake I'm lying

Be strong  
You know that I'm trying to let you go free  
If that's what you need from me  
Oh we are, we are, we are, we are just friends

I'm trying to let you go free  
If that's what you need from me  
To let you go free  
If that's what you need from me  
Oh we are, we are, we are, we are just friends
