Hey, my girl will you listen?
Little girl, will you listen?
This will stay with you your whole life.
So please don't take for granted, please don't take for granted

Mine was never there for me
Yours is always there you see
There is a great past you'll find
I try to leave my past behind
But it's broken. It's broken.

So please don't take for granted, please don't take for granted
Your Daddy.

Hey there, Mark, will you listen?
You're her Dad, so you listen.
She will stay with you her whole life.
And she won't take for granted, she won't take for granted

Mine was never there for me
Yours is always there you see
There is a great past you'll find
I try to leave my past behind
But it's broken. It's broken.

So please don't take for granted, please don't take for granted
Your Daddy.

Even though he spoils you
That's what he's supposed to do
You are his entire world
You are his little girl

Mine was never there for me
Yours is always there you see
There is a great past you'll find
I try to leave my past behind

But it's broken. It's broken.

So please don't take for granted, please don't take for granted

No, please don't take for granted, please don't take for granted...
