It's looking like
I'm gonna stay and see what this feels like
I'm acting like
There's no excuse for my real cool tonight

I might be taking a stab at avenged
I might be staring at the face of revenge
I might be looking for your attention

Yeah, that's just what it is so...

Hold on
Cause it's been to long,
Hold on
Cause freaking out is really overrated.
Hold on
Cause it's been to long,
Hold on
Cause freaking out is really overrated.

So you wanna make me love her?
For some kind of principle
So you wanna say to me
That I've been handling
This all the completely wrong way.
Staring at some important face,
Staring at some important face.

Don't try and say you know what...

Hold on, cause it's been to long
Hold on, cause freaking out is really overrated
Hold on, cause it's been to long
Hold on, cause freaking out is really overrated

Okay now you see who I really...
Okay now you see who I really am...
Okay now you see who I really...
Okay now you see who I really...
Okay now you see who I really...
Okay now you see who I really am!

Hold on
Cause it's been to long,
Hold on
Cause freaking out is really overrated.
Hold on
Cause it's been to long,
Hold on
Cause freaking out is really overrated.
