You're running out of space
I'm running out of things to wear twice
But some things I can see
I like the way you do your hair nice
And what else do I know?
Everybody needs a thrill
And you are that for me
I put your picture on my windowsill

And if you think that you can love me for nothing
Well maybe we can be something for good
And if you wanna be somebody's something
Then I'm leaving today
If you're going my way

There's nothing on my plate
They say I've got some shoes to fill
So I think I'll take a walk
Somewhere I can pay my bills
And you're free to come along
If you've got some time to kill

And if you think that you can love me for nothing
Well maybe we can be something for good
And if you wanna be somebody's something
Then I'm leaving today
If you're going my way

And now that we've come this far
What would you say?
Do you know what you're looking for
When you're looking my way? hey hey hey
Do you think that you could love me for nothing?
Well maybe we can be something for good
And if you wanna be somebody's something
I could make it okay
But I'm leaving today
If you're going my way
